When **PT**, **OT**, & **DME**
All Come Together...

— Your Independence

Stands Strong.

**STAYING
INDEPENDENT**

PHYSICAL THERAPY

OCCUPATIONAL THERAPY

DME

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

Why the God of peace
makes you COMPLETE
BY EXTENDING GOOD
WORKING among us
that which is BEARING FRUIT
through JESUS CHRIST

be STILL and
KNOW what
I AM GOD

In this place I will give peace

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

Longing Life
of Living Life
of Loving Life

BE YOUR OWN
**Do It
AFRAID**

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

...the Lord is with you...
...the Lord is with you...
...the Lord is with you...

Mobility Equipment Categories

- **Walking Support** (Canes, Walkers, Rollators)
- **Transport Mobility** (Wheelchairs, Transport Chairs)
- **Powered Mobility** (Scooters, Power Chairs)
- **Supportive Equipment** (Chairs, Beds, Bath Safety)

↑

Walker Posture

Always keep your head **up and forward** while walking, do not look downward.

Ensure your walker is adjusted for your height. The handles of a walker should be **level at your hips** and your elbows should be slightly bent while holding the handles.
